FOREWORD

The "Health Sciences Institute External Stakeholder Workshop," conducted with the participation of Selçuk University Health Sciences Institute Management and our external stakeholders, has been successfully completed. With the valuable contributions of our esteemed Rector, Prof. Dr. Hüseyin YILMAZ, within the scope of accreditation, discussions were held on the current status of our institute, improvement proposals, methods, and the necessary steps and requirements for enhancing quality.

Institutional Accreditation processes In order to initiate the curriculum update program in postgraduate education, and also to rapidly adapt to the YÖKAK Institutional Accreditation and framework of ORPHEUS quality studies, the support of the departments was provided through the Institute Board meetings.

In light of the qualitative and quantitative data presented in the 2024 Self-Assessment Report, the mission and vision of our Institute have been updated. It was also decided to ensure the continuity of leadership in internal and external activities by holding semester/yearly meetings with the Education-Teaching Commissions established in 2021-2022. This report has been prepared to present the discussed agenda items and decisions to the attention of all our stakeholders. On behalf of the Institute Management, I hope that this report will be beneficial for the advancement of graduate education and teaching.

Prof. Dr. F. Hümevra YERLİKAYA AYDEMİR
Director Of The Institue Of Health Sciences

SELÇUK UNIVERSITY

INSTITUTE OF HEALTH SCIENCES EXTERNAL STAKEHOLDER WORKSHOP OF EVALUATION AND DEVELOPMENT POSTGRADUATE EDUCATION

AGENDA

- HOW WE STARTED?
- WHAT PROGRESS WE HAVE ACHIEVED?

- Principles have been prepared to regulate the procedures and principles regarding the opening, updating, transferring and closing of the courses in the graduate programs within the Graduate programmes of Selçuk University and will be applied the approval of the Senate.
- In order to create a corporate identity, all menus on our new website are available in English.
- Institute data (Number of students, number of graduates, number of new enrollments, number of students receiving additional time, etc.) continue to be shared transparently on the website.
- The postgraduate student recruitment process was initiated at the end of the current term; the students who were recruited in the early term had high ALES/LANGUAGE score averages and were qualified to be recruited.

Fakülte Sayısı:	7
Anabilim Dalı Sayısı:	65
Araştırma Görevlisi Sayısı:	5
100/2000 YÖK Doktora Burslu Öğrenci Sayısı:	17
Yüksek Lisans Öğrenci Sayısı (TC-YU):	782+19
Doktora Öğrenci Sayısı (TC-YU):	478+19
II. Öğretim Tezlis Yüksek Lisans Öğrenci Sayısı (TC-YU):	41+0
Toplam Lisansüstü Öğrenci Sayısı:	1339

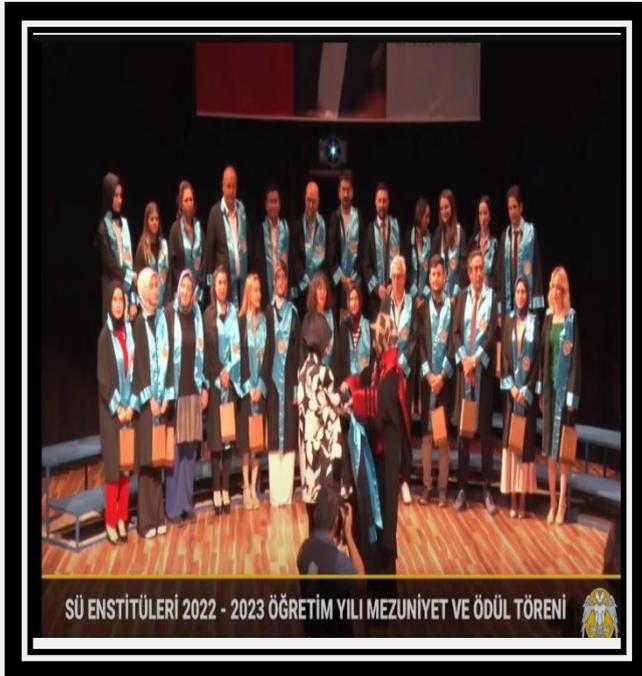

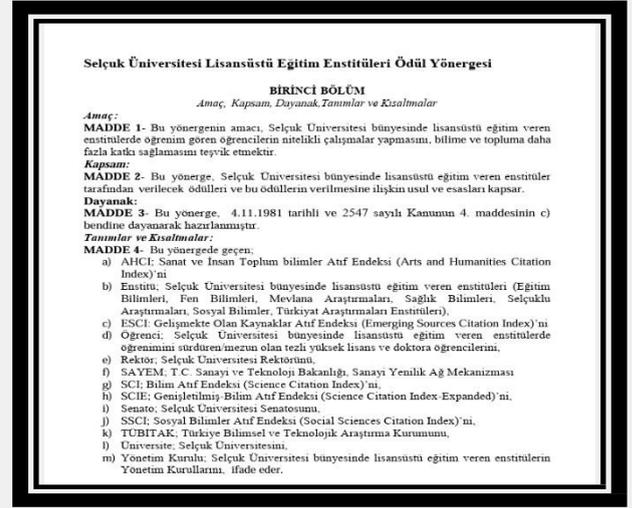

- It was included in the previous report that our Institute, applied to the organization of ORPHEUS (Organisation of PhD in Biomedicine and Health Sciences European System), which aims to develop and disseminate basic standards and best practices in Doctoral Education in Biomedicine and Health Sciences, to raise the standards of the qualifications of doctoral programs, and to recognize the diplomas internationally at 25 June 2021. Education revisions have been gained between 2021-2024, and another important step towards obtaining will be taken with the field visit planned by the authorities in June 2025.

- The scientific committees established to improve graduate education continue their work to ensure more systematic progress.
- Quality studies have been initiated under the Institutional Accreditation by YÖK-AK for our graduate education and are currently ongoing.

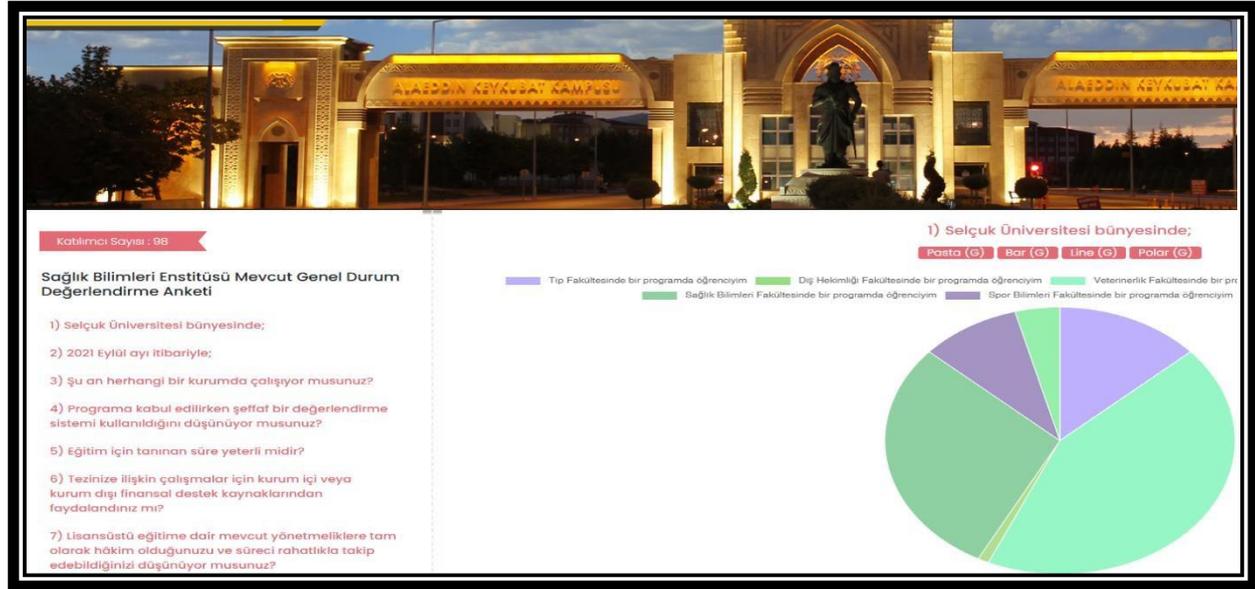

Organisation for PhD Education in Biomedicine and Health Science in the European System

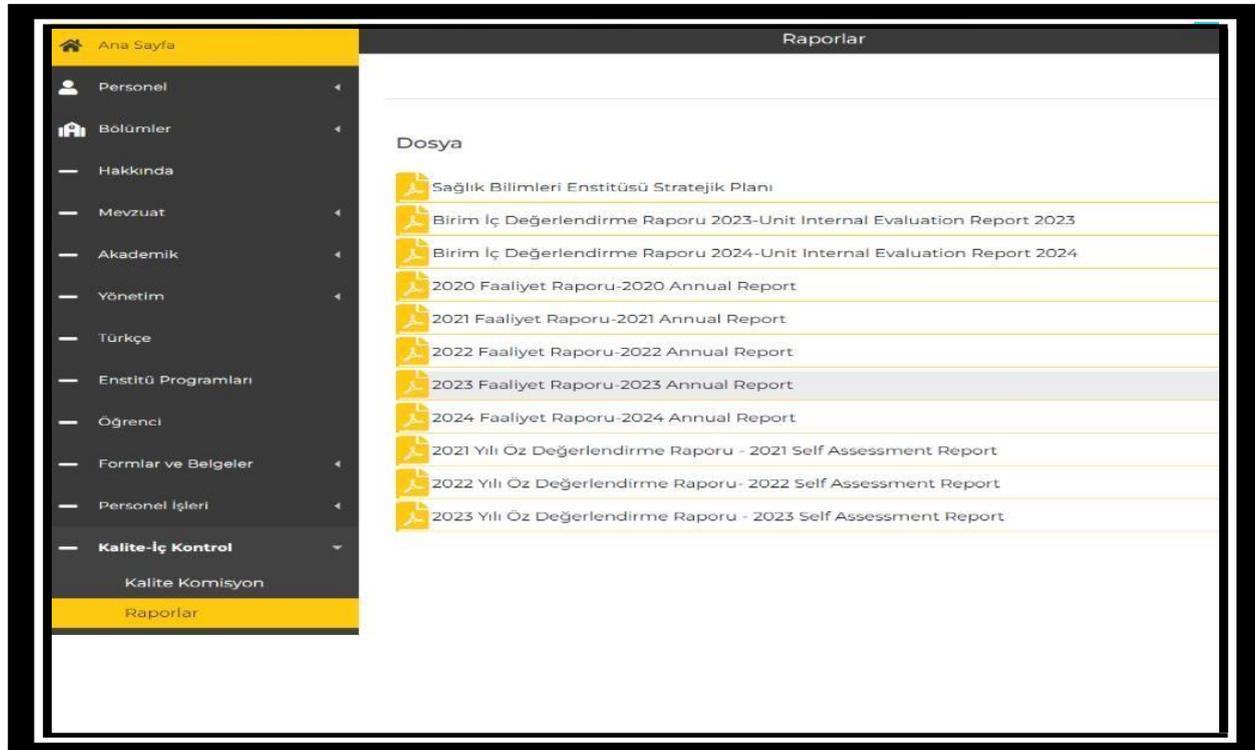

The Award Directive was prepared to determine the Procedures and Principles of Graduation and Awards and entered into effect after being approved by the senate on June 16, 2023. Then the first graduation and our award ceremony was held on July 12, 2023 and the second one on June 28, 2024.

In order to identify the thoughts, opinions and tendencies of our students in graduate education, as well as to identify our strengths and weaknesses, four different topics that will provide feedback in a certain regularity survey was prepared and published online.

- We reviewed the activities carried out at the Institute basis and assessed our strengths and weaknesses. To ensure easy access to information, Self-Assessment Reports continue to be shared on our website.

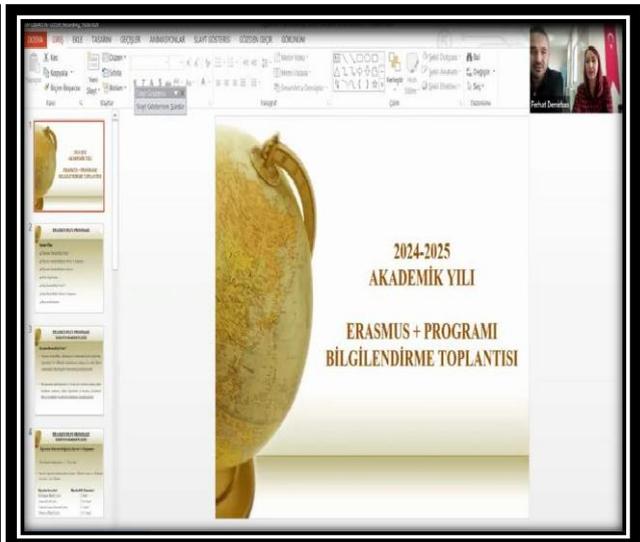

In order to ensure full representative democracy, the first Master's and PhD student representatives were elected by graduate students in 2022 and their participation in the Executive Board Meetings was ensured. Our practice continues and ensuring that new representatives are elected to replace those whose terms have ended and that they participate in the Board of Directors meetings.

1. On March 08th, 2024, “Orpheus Virtual Workshop on PhD Supervision in Biomedicine and Health Sciences” workshop was held online.

2. In order to inform master's and doctoral students about the Erasmus process, an event titled "SU. Health Sciences Institute Erasmus Information Meeting" was held on May 16th, 2024, from 3:00 PM to 5:00 PM.

3. On November 13rd, 2024, the "How to Make the Most of a Scientific Conference?" Orpheus PhD Students Training Workshop was held online for doctoral students. Doctoral students of Selçuk University Institute of Health Sciences, who participated intensively in the workshop, had the opportunity to communicate one-to-one with valuable scientists in their fields. Our students have gained practical insights that will contribute to their academic and professional development, including effective presentation techniques and networking with their peers.

3. On December 13rd, 2024, a seminar titled "Project Journeys: Research Opportunities with TÜBİTAK and TÜSEB" was held by the Health Sciences Institute with active participation from our students. Our students were informed by experienced individuals about scientific projects.

3. On January 24th, 2025, the online workshop titled "Are You Ready to Receive the ORPHEUS Label?" was attended by our institute's Orpheus PhD student representative, Research Assistant Furkan BEŞOLUK. At the productive workshop, an exchange of information took place.

The screenshot shows a Zoom meeting interface. The main content area displays the ORPHEUS logo in red and blue. Below the logo, a white box contains the text: "Online ORPHEUS Labelling Workshop: 'Are you ready for labelling?' Tips for applying". At the bottom of the main area, a blue banner reads "ORPHEUS Labelling Committee 24 January 2025". To the right of the main content, there are three circular profile pictures of participants with their names and affiliations: Prof. Michael J Mulvany (Aarhus University), Prof. Joana Palha (Minho University), and Prof. Gül Güner Akdogan (School of Medicine, IEU, Izmir). On the far right, a vertical sidebar shows a list of participants with their names and small video thumbnails: Paschalis-Tho..., Gela Beselia, and another participant whose name is partially visible as "Gela Beselia". At the bottom left of the Zoom window, there are standard meeting controls like mute, video, and chat.

SELÇUK
ÜNİVERSİTESİ

WHAT TO DO NEXT;

- Getting the ORPHEUS Label,
- Receiving YÖK-AK Institutional Accreditation,
- Organizing consultancy training sessions,
- Making necessary arrangements and improvements as a result of survey feedback.

EXTERNAL STAKEHOLDER WORKSHOP RECOMMENDATIONS

A decision has been made to continue the mission and vision of our Institute of Health Sciences as outlined below.

Mission of the Institute of Health Sciences: "To train qualified scientific experts and specialists in the field, who will contribute to science at national and international levels in the field of health sciences, with entrepreneurial, innovative, self-confident, courageous, questioning, open to universal knowledge, independent, and creative thinking, possessing contemporary and scientific thought."

Vision of the Institute of Health Sciences: "Our mission and vision, which aim to continue as stated below: producing knowledge that contributes to science at an international level, training students to become courageous, independent, and creative thinking scientists and experts, and maintaining its status as an ideal institute with pioneering and innovative practices in education and research for future generations."

The second External Stakeholder Meeting, the first of which was held on January 05th, 2023, was held on-line on January 29th, 2025.

To our External Stakeholder Meeting

- 1- Gazi University Institute of Health Sciences Director Prof.Dr.Saniye BİLİCİ,
- 2- Atatürk University Health Sciences Institute Deputy Director Assoc. Prof. Dr. Hilal ÖZBEK
- 3- Atatürk University Health Sciences Institute Deputy Director Assoc. Prof. Dr. Mehmet Cemal ADIGÜZEL
- 4- Director of the General Directorate of Agricultural Enterprises of Turkey, Mutlu ÇALIŞKAN,
- 5- Konya Veterinary Control Institute Director Dr. Yasin GÜLCÜ,
- 6- Makrovet Veterinary Analysis and Diagnostic Laboratory Founder Veterinarian Dr. Ayşegül HANCI
- 7- Selçuk University Faculty of Technology Faculty Member Assoc. Prof. Adem GÖLCÜK,
- 8- Bilkent City Hospital Cardiovascular Surgery Specialist Dr. Hakan ÇOMAKLI
- 9- Research and Development Director of İlko Pharmaceutical Industry and Trade Inc., Ramazan BAKAL

and members of the Board of Directors of our Institute was attended into the meeting. At the meeting, our revisions made since our meeting held on January 05, 2023 were presented to our valuable external stakeholders. Our meeting ended by asking all our External Stakeholders to fill out the External Stakeholder Questionnaire published on our Web Page by taking their opinions/suggestions and satisfaction with the innovations made by our Institute..
