Will you take the Scientific Preparation courses?

Find out which courses you will take from Department. You must submit the courses you will take until the end of the registration-renewal week. Scientific Preparatory Class is maximum 2 semesters. Students who fail during this period are dismissed.

Have you successfully completed the Scientific Preparation period?

*** Important Notes
**Article 41/1
Minimum 21 Credits - Minimum 7 Courses
At least 240 ECTS (Courses + Seminar + Qualification + Thesis Proposal + Thesis Study (TIK))
Scientific Research Techniques and Ethics course is compulsory.
*Article 42/1
Minimum 8 - Maximum 12 semesters - excluding BHP (Scientific Preparatory Program)

1ST SEMESTER COURSE PERIOD

- Choose your courses by planning with your advisor.
- You need to choose 30 ECTS courses.
- If you want to take the Specialization Area course, please contact your advisor.

2nd SEMESTER COURSE PERIOD

- Choose your courses by planning with your advisor.
- Choose your remaining courses to complete 60 ECTS.
- You can give your seminar during the semester.
- If you want to take the Specialization Area course, please contact your advisor.
- You must achieve a minimum grade of 3.00 (BB) in all the courses you have taken.

3rd SEMESTER COURSE PERIOD

- Choose your courses by planning with your advisor.
- Choose your remaining courses to complete 90 ECTS.
- You can give your seminar during the semester.
- If you want to take the Specialization Area course, please contact your advisor.
- You must achieve a minimum grade of 3.00 (BB) in all the courses you have taken.

4th SEMESTER COURSE PERIOD

- Choose your courses by planning with your advisor.
- Choose your remaining courses to complete 120 ECTS.
- You can give your seminar during the semester.
- If you want to take the Specialization Area course, please contact your advisor.
- You must achieve a minimum grade of 3.00 (BB) in all the courses you have taken.

Has he/she completed 120 ECTS?

Students who do not successfully complete the courses in the curriculum and the seminar course at the end of four semesters are dismissed.

5th SEMESTER QUALIFICATION PERIOD - THESIS PROJECT PROPOSAL

- Students who have completed their courses and seminars must take the exam in the 5th semester at the latest.
- You can take the qualifying exams twice a year, in Fall (October & November) and Spring (April & May).

What is your qualification exam result?

Student is dismissed.

The student takes the exam again in the next semester

- You must form your thesis monitoring committee within 1 month at the latest.
- Students who have successfully completed the doctoral qualifying exam must submit their thesis project to the Graduate School within six months at the latest.

- Submit your thesis project proposal that you have prepared with your advisor to the Graduate School.
- If your thesis project proposal has been passed by the board of directors, the thesis monitoring committee interim report starts to be submitted from the semester following the semester in which the thesis proposal is accepted. Students must prepare and submit the thesis monitoring committee report to the committee members between January-June and July-December. In case of failure to submit a tick report, it is considered unsuccessful for the semester.
- In order for the student's thesis to be finalized, at least three successful thesis monitoring committee reports must be submitted.

6. SEMESTER TIC PERIOD

- 1. TIC interim report - this report includes a summary of the work done so far and a work plan for the next term. Students who do not prepare their report within the specified time and present it to the TIC members are considered to have failed the thesis monitoring committee report work for that term.
- You must take the Specialization field course given by the advisor.

7th SEMESTER TIC PERIOD

- 2. Tik interim report - this report includes a summary of the work done so far and the work plan for the next semester. Students who do not prepare and present their report in the presence of TIK members within the specified deadlines are considered unsuccessful from the thesis monitoring committee report study in that semester.
- You are required to take the Specialization course given by the advisor.

8th SEMESTER TIC PERIOD

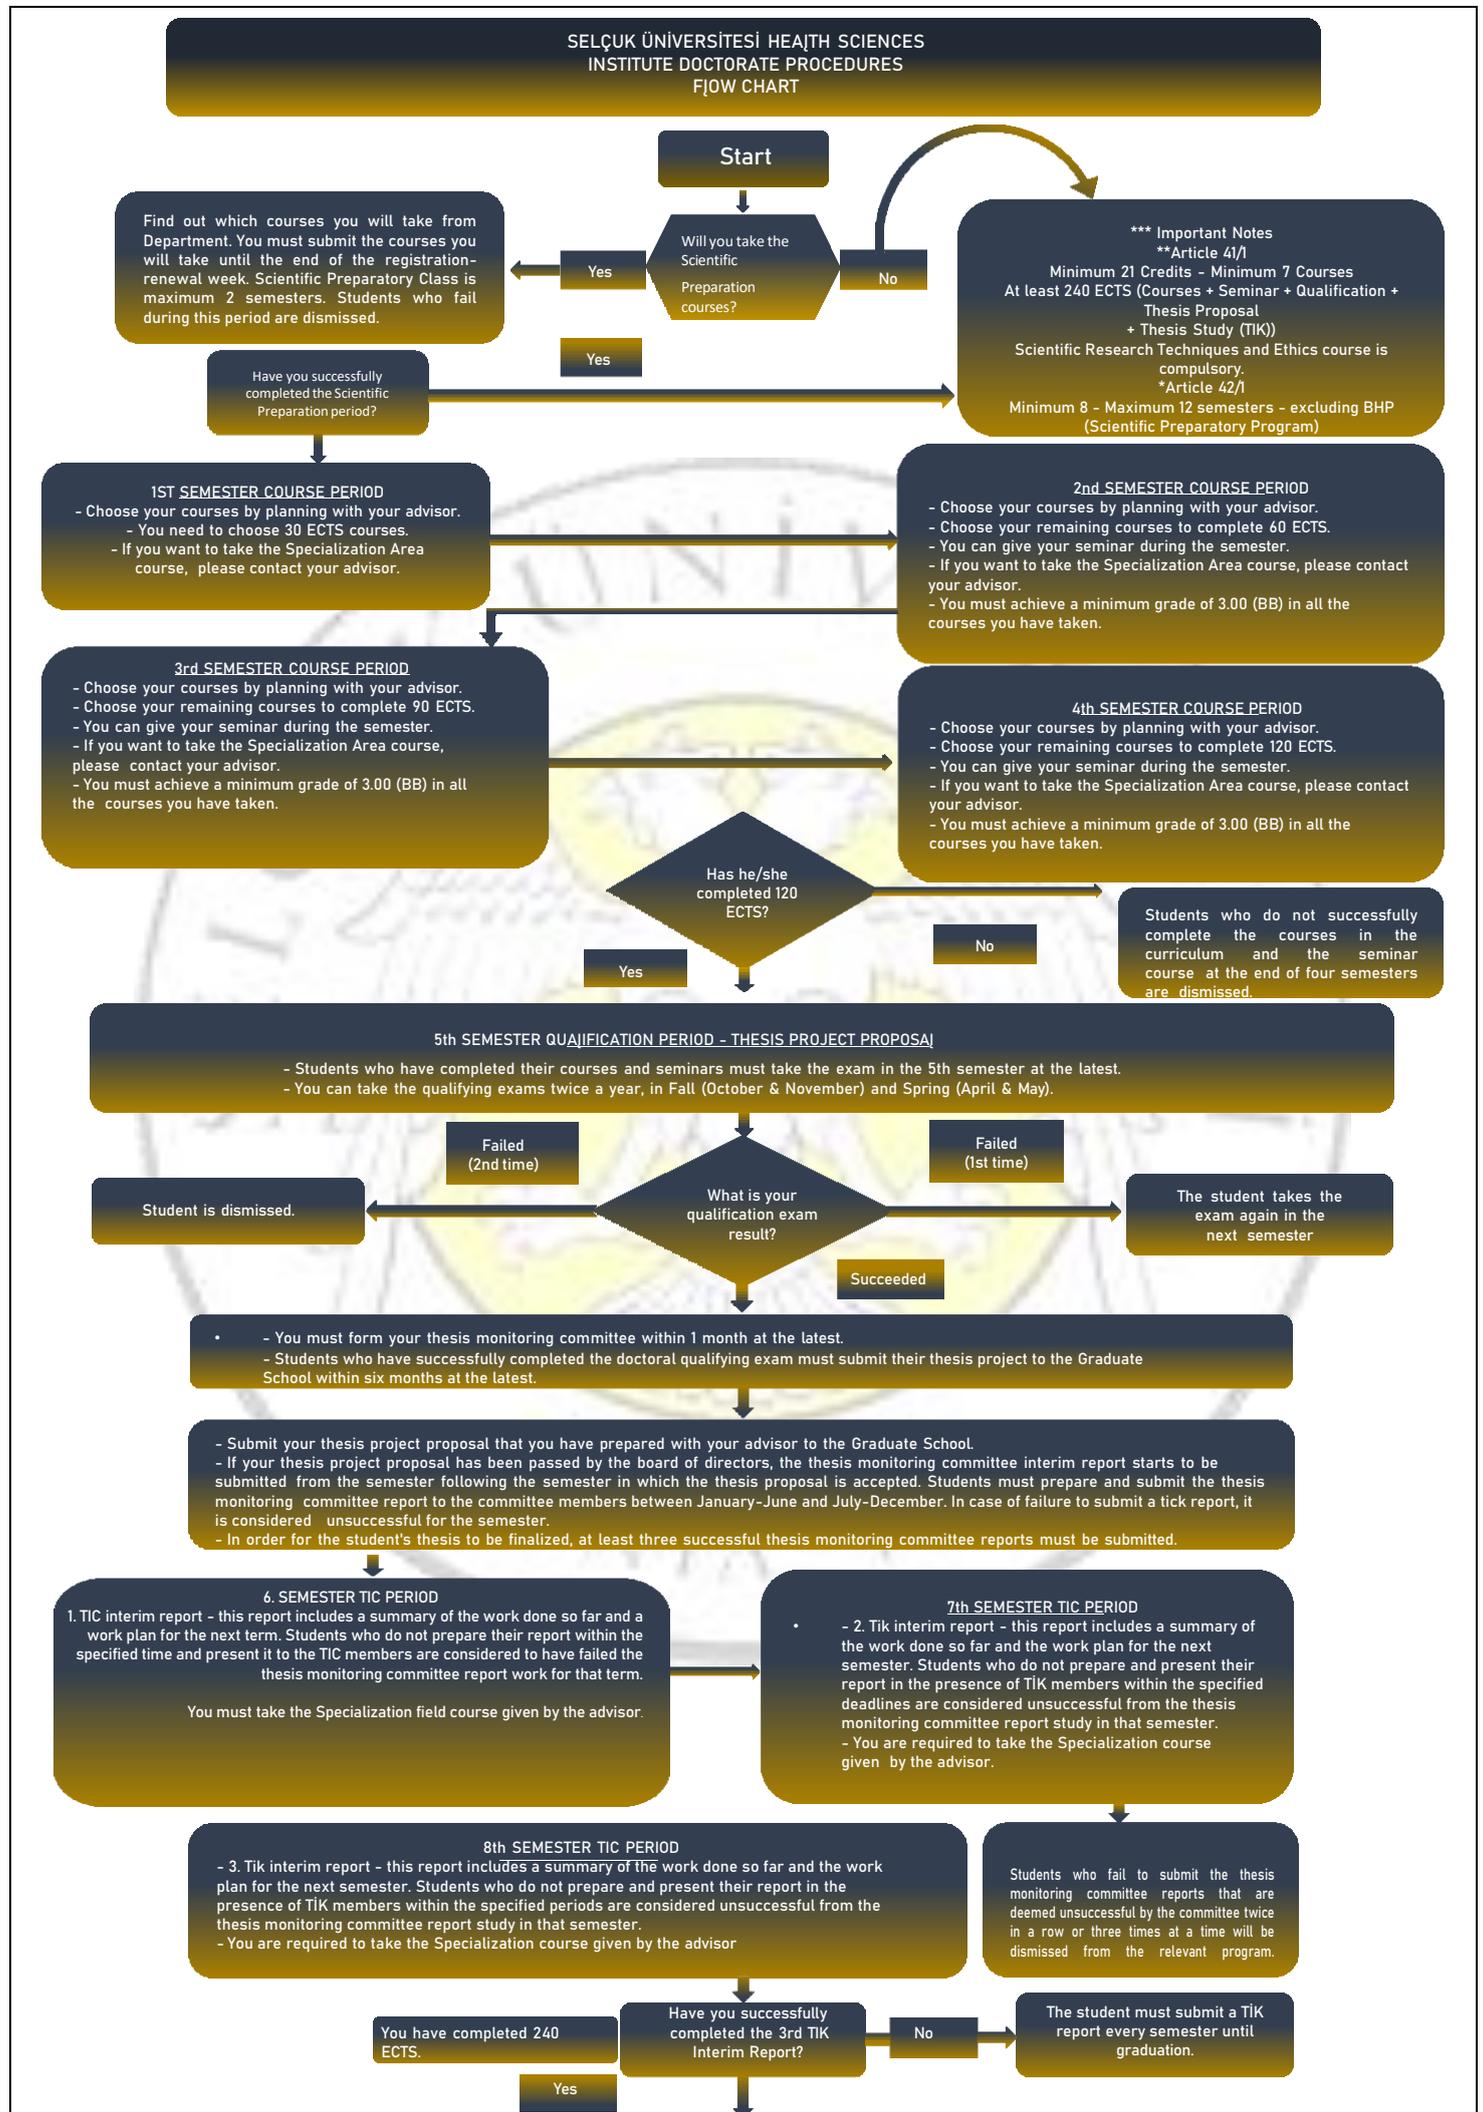

- 3. Tik interim report - this report includes a summary of the work done so far and the work plan for the next semester. Students who do not prepare and present their report in the presence of TIK members within the specified periods are considered unsuccessful from the thesis monitoring committee report study in that semester.
- You are required to take the Specialization course given by the advisor

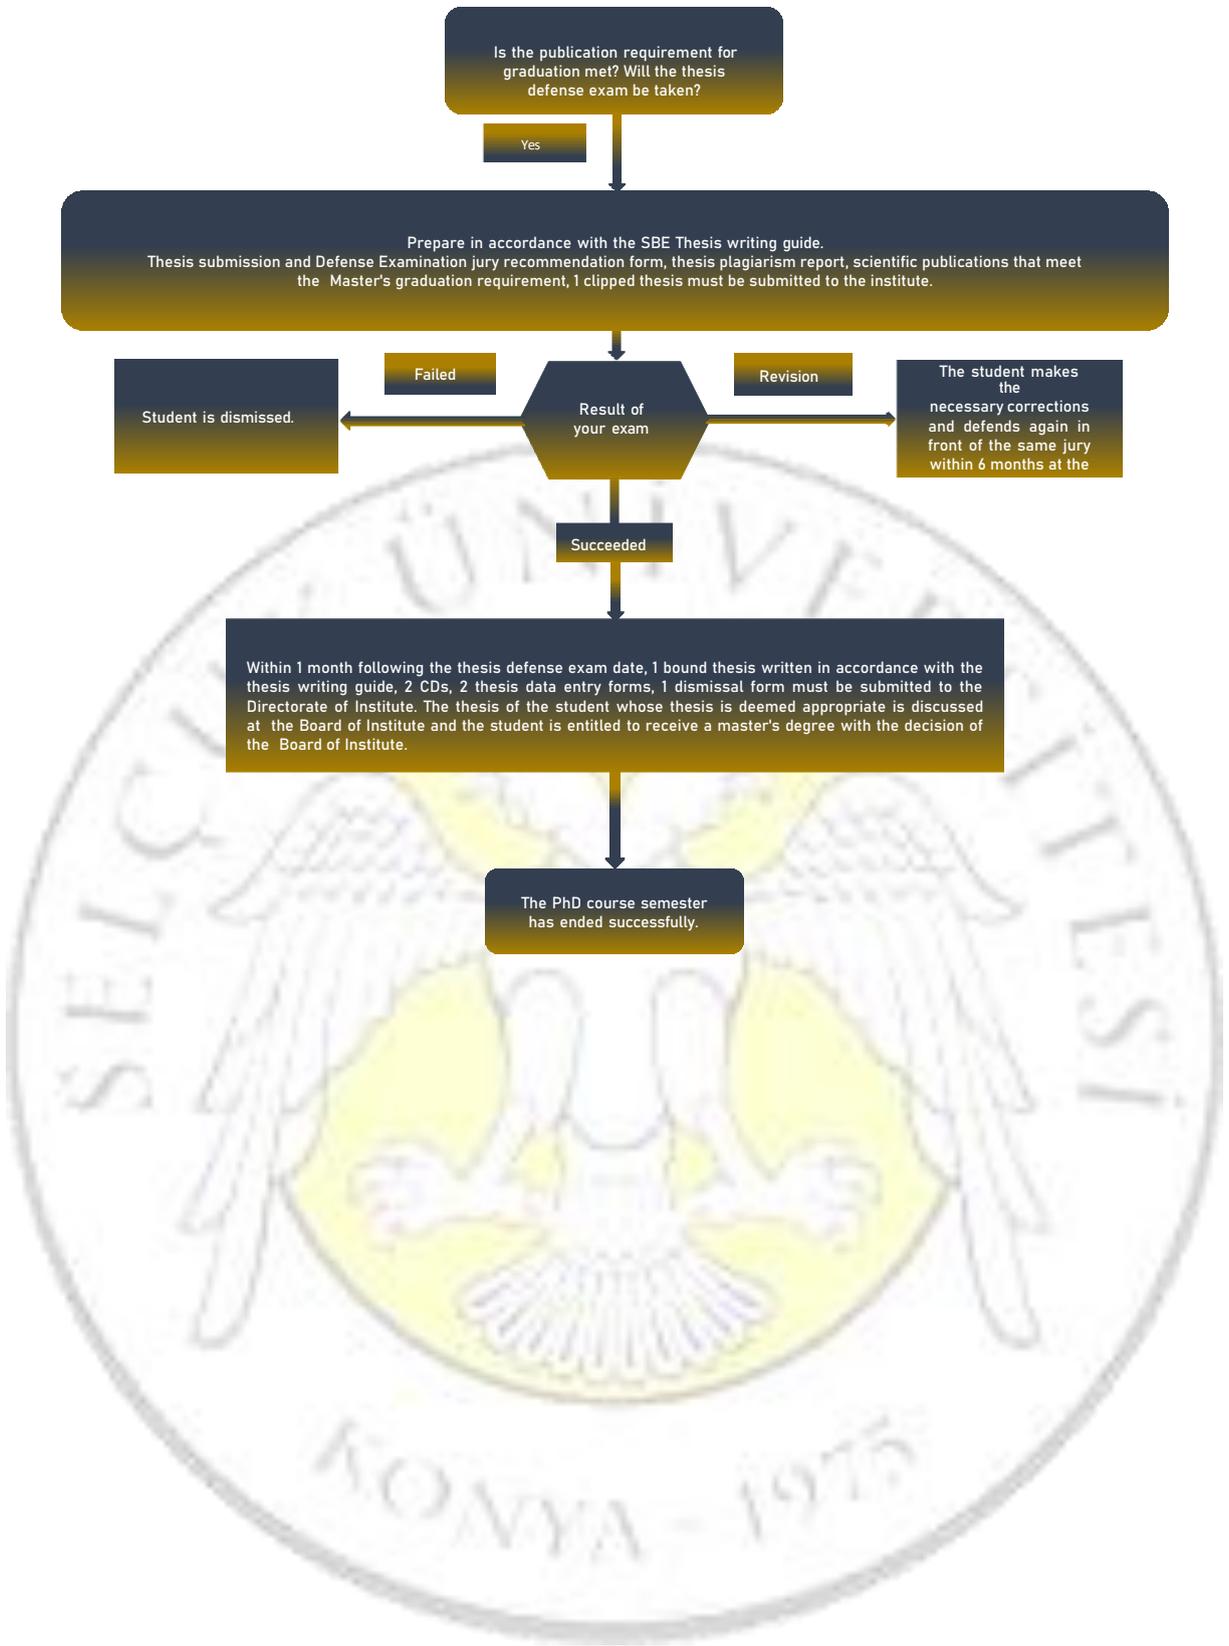

Students who fail to submit the thesis monitoring committee reports that are deemed unsuccessful by the committee twice in a row or three times at a time will be dismissed from the relevant program.

You have completed 240 ECTS.

Have you successfully completed the 3rd TIK Interim Report?

The student must submit a TIK report every semester until graduation.
